

## Pink Ego Box

Muse

It's gonna be ok  
Can't afford another day  
At 50 bytes per second

I've never seen your face  
I've never heard your voice  
But I think I like it

When you instant message me  
With a promise  
I can feel it  
I can tell you're gonna be  
Just like me

My eyes are gonna strain  
My heart is feeling pain  
At 50 beats per second

I've never seen your eyes  
I've never heard your lies  
But I think I like it

When you instant message me  
With a promise  
I can feel it  
I can tell you're gonna be  
Just like me  
Be  
Just like me

You turn  
You turn  
You turn on me
