Floozy
You got me trapped in your dark fantasy world
Don't you know you make me woozy?
You have me wrapped around your little finger

Baby, don't you know you can't lose
You make me offers that I can't refuse
You keep telling pretty lies
You toy with the truth
Oh you're killing me with your

You keep telling pretty lies
You toy with the truth
Oh you're killing me with your

Don't you know that you just can't lose?
