

You were never truly loved  
You have only been betrayed  
You were never truly nurtured  
By churches or the state  
You were left unprotected  
To these wild and fragile lands

But you can rise up like a god  
Arm yourself, you can be strong  
You can build a nuclear power  
Transform the earth to your desire

Free your mind from false beliefs  
You can be the commander in chief  
You can hide your true motives  
To dismantle and destroy

Now you finally have the codes  
I have given you the code

10,9,8,7,6,5,4,3,2,1  
Fire

There's no country left  
To love and cherish  
It's gone, it's gone for good  
It's you and me babe  
Survivors  
To hunt and gather memories  
Of the great nation we were

There's no countries left  
To fight and conquer  
I think, I destroyed them all.  
It's human nature  
The greatest hunter  
Will survive them all  
With no one left to love.

There's no culture left  
To love and cherish  
It's gone, you know it's gone for good  
A trillion memories  
Lost in space and time forevermore  
I just wanted  
I just needed to be loved.
