

## Falling Down

Mustasch

The higher the flight  
The harder the Falling Down

I'm down to earth but could go higher  
Though I'm pretty safe here in my tree  
I really like to try go flying  
But I know I'll fall like tumbling leaves

The higher the flight  
The harder the Falling Down  
The deeper the dive  
The bigger the chance you'll drown

I was raised to choke on my desire  
Sometimes I felt unable just to breath  
So I learned to be a fighter  
Now I'm ready for that giant leap

The higher the flight...
