

Life On Earth

Mustasch

Take care of the good times
As your days on earth will pass
You gotta make them last a lifetime
Not the memories of the past

Who do you think will thank you
For what you later will regret
How can you hope to die a happy man
When you haven't started living yet

Talk about your old dreams
I can hear it breaks your voice
But it ain't too late to stand up
It's time to make a simple choice

Hang on to the good times
As your days on earth, they pass
You gotta make them last a lifetime
And not the memories of the past

Lazy days or slavery
Forced labour, living free
When the sun comes up tomorrow
What it's gonna be?
