

Cemetery Drive

My Chemical Romance

This night, walk the dead
In the solitary starlight
Crash the cemetery gates
In the dress your husband hates

Lay down, mark the grave
Where the search lights find us
Drinking by the mausoleum door
And they found you on the bathroom floor

I miss you
I miss you so far
And the collision of your kiss
That made it so hard

And I call you off the run
Singing songs that make you slit your wrist
It isn't that much fun
Staring down a loaded gun

So I won't stop dying, won't stop lying
If you want I'll keep on crying
Did you get what you deserve?
Is this what you always want me for?

I miss you
I miss you so far
And the collision of your kiss
That made it so hard

Lay down, way down
Way down, way down
Way down, way down
Way down, way down

I miss you
I miss you so far
And the collision of your kiss
That made it so hard

I miss you
Well I miss you so, so
And the collision of your kiss
That made it so hard
Made it so hard

Lay down, way down
Way down, way down
Way down, way down
Way down, way down
Way down
