

Feel You

My Morning Jacket

Are we undercover
What's left to see?
Trying to discover
How it came to be
In a past life
Feeling loved
But now in the present
Seeing blood

And all I want to do is feel you
And all I want to do is feel you
And all I want to do is feel you
Feel you
Feel you

Whoa, makin' time, to waste time, to feel time
Whoa-oh, wash over you
Ooh, watching you, watching me
Reaching out between the worlds

To feel you, yeah
And all I want to do is feel you, yeah

Are we under covers raining blood?
REM covers, reign in blood

And all I want to do is feel you
And all I want to do is feel you
Yeah, yeah, and all I want to do is feel you
Feel you
Feel you
Feel you

Whoa, makin' time, to waste time, to feel time
Whoa-oh, wash over you
Ooh, watching you, watching me
Reaching out between the worlds

To feel you, yeah
And all I want to do is feel you, yeah
And all I want to do is feel you, yeah
And all I want to do is feel you, yeah
