

Love Love Love

My Morning Jacket

Love, love, love
Love, love, love
Love, love, love
Love, love, love

The more you give, yeah
The more you get, now
Go tell it to the world
The more you give, yeah
The more you get, now
And tell it to the world
Don't take no shit, yeah
You deal with it, and
You rise above it all
Before you run, yeah
You got to walk, in
The start you got to crawl

Well, there ain't no time like now
You gotta get up when you fall, that's all

Love, love, love
Love, love, love

The more you give, yeah
The more you get, now
Go tell it to the world
(Love, love, love)
You need someone, yeah
To have your back
Before it's up against the wall
Don't take no shit, yeah
You deal with it, and
You rise above it all
Before you run, yeah
You got to walk, in
The start you got to crawl

Well, there ain't no time like now
Just step outside the door, that's all

Love, love, love
Love, love, love

The more you give, yeah
The more you get, now
Go tell it to the world
(Love, love, love)
The more you give, yeah
The more you get, now
Go tell it to the world
(Love, love, love) (tell it to the world)
The more you give, yeah
The more you get, now
Go tell it to the world
(Love, love, love) (tell it to the world)
The more you give, yeah

The more you get, now
Go tell it to the world
(Love, love, love) (tell it to the world)
The more you give, yeah
The more you get, now
Go tell it to the world
(Love, love, love) (tell it to the world)
The more you give, yeah
The more you get, now
Go tell it to the world
(Love, love, love)

Tell it to the world
Tell it to the world
Tell it to the world
Tell it to the world
Tell it to the world

The more you give, yeah
The more you get, now
Go tell it to the world
(Tell it to the world)
The more you give, yeah
The more you get, now
Go tell it to the world
(Tell it to the world)
The more you give, yeah
The more you get, now
Go tell it to the world
The more you give, yeah
The more you get, now
Go tell it to the world

Tell it to the world (to the world, tell it)
Tell it to the world (oh yeah), tell it
Tell it, tell it, tell it, tell it
Tell it, tell it, tell it, tell it

Love, love, love
Love, love, love
Love, love, love
