Run It

My Morning Jacket

Can't try much harder to get back to water
Gonna get back hotter, get back get back to water
Can't try much harder to get back to water
Gonna get back hotter, get back get back to water
Set my mind free

If you ain't too kind you ain't my type
I'm gonna run you out the door
I don't need that
Don't need it anymore
You can't run my life, run my time
I'm gonna run you out the door
Yeah I don't need it
Don't need you anymore

Man or woman, don't matter
You gotta stand up for yourself
Stand up and be counted
You can't depend on nobody else

If you ain't too kind you ain't my type
I'm gonna run you out the door
I don't need that
Don't need it anymore
You can't run my life, run my time
I'm gonna run you out the door
Said I don't need it
Don't need you anymore

Can't try much harder to get back to water
Gonna get back hotter, get back get back to water
Can't try much harder to get back to water
Gonna get back, get back
Can't try much harder to get back to water
Gonna get back hotter, get back get back to water
Can't try much harder to get back to water
Gonna get back, get back
Can't try much harder to get back to water
Gonna get back hotter, get back get back to water
Can't try much harder to get back to water
Gonna get back, get back
Can't try much harder to get back to water
Gonna get back hotter, get back get back to water
Can't try much harder to get back to water
Gonna get back, get back

Set my mind free
Set my mind free
Set my mind free
Set my mind free
