

## Sec Walkin

### My Morning Jacket

Left leg, right leg  
One leg at a time  
I keep on walking  
I keep on walking

Red light, green light  
First light I see tonight  
I am walking  
Yeah, I am walking

Fever, breathe in your own cool, blue air  
Look for eyes that hypnotize and sparkle (sparkle)  
Look for eyes that hypnotize and sparkle everywhere  
Brother, brother, don't you care?  
Brother, brother, don't you care?

Left leg, right leg  
One leg at a time  
I keep on walking (walkin')  
I keep on walking (walkin')

Red light, green light  
First light I see tonight  
I am walking (walkin')  
Ooh, yeah I am walking (walkin')

Fever, breathe in your own cool, blue air  
Demon eyes, demon eyes are watching (watchin')  
Demon eyes, demon eyes are watching everywhere  
Brother, brother, don't you care?  
Brother, brother, don't you care?
