

## In My Fever

## My Passion

The knives are out  
They circle round  
You've got to come and save me  
The dogs are out  
They circle round  
You've got to come and save me

In my fever  
I will love you more  
In my fever  
Why can't you lie?  
Sleep my diva  
Hollow to your core  
Rust my beauty  
Time will tell you true

The nets are out  
They circle round  
You've got to come and save me  
The rope is up  
The crowd pull down  
You've got to come and save me

In my fever  
I will love you more  
In my fever  
Why can't you lie?  
Sleep my diva  
Hollow to your core  
Rust my beauty  
Time will tell you true

I'm sorry Tuesday  
A little lie  
A little lie  
Whatever you say  
Another tie  
Another tie

In my fever  
I will love you more  
In my fever  
Why can't you lie?  
Sleep my diva  
Hollow to your core  
Rust my beauty  
Time will tell you true
