

My Confession

My Passion

Grey sky climbing above you
Green sea wash me away
White lie so far behind you
Blue bride come home to me

Nothing clear
Nothing sane
Nothing lost
Nothing gained
Other sin
Other pain
Another whole life

No flashback
We painted that crack

My confession
I confess
Hear my word
Take my wife
I take your life
My confession
I confess
Hear my word
Take my wife
I take your life

Grey sky climbing above you
Green sea wash me away
White lie so far behind you
Blue bride come home to me

Nothing clear
Nothing sane
Nothing lost
Nothing gained
Other sin
Other pain
Another whole life

No flashback
We painted that crack

My confession
I confess
Hear my word
Take my wife
I take your life
My confession
I confess
Hear my word
Take my wife
I take your life

Nothing clear
Nothing sane
Nothing lost

Nothing gained
Other sin
Other pain
Another whole life

My confession
