

## I'm Sorry

## My Sister's Machine

mother of invention  
look what you've done to me  
I had good intentions  
but somewhere down the line...

she cut loose and made me  
into what you see before you

oh God, I know you hate me  
I don't deserve your love no more  
oh God, I know you hate me  
I just want to say I'm sorry

greed, envy and deception  
what the hell was wrong with me  
I had good intentions  
but somewhere down the line...

she cut loose and made me  
into what you see before you

oh God, I know you hate me  
I don't deserve your love no more  
oh God, I know you hate me  
I just want to say I'm sorry
