

# All in the Name of Love

Mýa

I'll be damed if I'm sitting at the doctors  
Popping out three of your kids  
Thinking everything peachy keen  
While you're screwing everything with two legs  
Get a call from the bank about my credit  
Talking 'bout I don't qualify  
After 13 years of marriage  
And all the dog on sacrifice, oh no

Hell no I can't do it  
You're too much like my father  
Hell no refuse to go through it  
Don't wanna be like my mother  
Crushed dreams and broken hearts  
All in the name of love  
So hell no I won't do it all in the name of love

(All in the name of love)  
No smiling always fighting  
(All in the name of love)  
Disrespect so many lies and  
(All in the name of love)  
Going crazy I'm losing my mind  
(All in the name of love)  
See I can't be that woman no

I'll be damned if I'm cutting out coupons for some milk eggs and cheerios  
Have me struggling just to buy pampers 'cause you spend it on random hoes  
Wont be standing at the freaking bus stop in December when it's way too cold  
Checking to see if your really at your Chris house  
When you really need to be at home

Hell no I can't do it  
You're too much like my father  
Hell no refuse to go through it  
Don't wanna be like my mother  
Crushed dreams and broken hearts  
All in the name of love  
So hell no I won't do it all in the name of love

(All in the name of love)  
No smiling always fighting  
(All in the name of love)  
Disrespect so many lies and  
(All in the name of love)  
Going crazy I'm losing my mind  
(All in the name of love)  
See I can't be that woman no

(Love) So many people use the word in vain (Love)  
When it's convenient to get what they need  
Have a sincerer person  
While your siting home in bed  
Sleeping with my eyes open  
Ain't no way to live, it ain't no way to live  
All the stress, the fights, the pain the money, the drama over the years

(All in the name of love)  
No smiling always fighting  
(All in the name of love)  
Disrespect so many lies and  
(All in the name of love)  
Going crazy I'm losing my mind  
(All in the name of love)  
I can't be that woman no

(All in the name of love)  
No smiling always fighting  
(All in the name of love)  
Disrespect so many lies and  
(All in the name of love)  
Going crazy I'm losing my mind  
(All in the name of love)  
And I don't wanna be that woman no

All in the name of love
