

Anytime You Want Me

Mýa

Anytime you want me just say so
Cause when it comes to you i cant say no
Anytime you want me just say so
Cause when it comes to you i cant say no
Theres somethin about ya babe
I aint livin without ya babe
So ill let you know
Anytime you want me just say so

Somethin bout the way you move always gets me in the mood
And every lil thing you do makes me wanna get with you
Maybe its the way you flow that makes me wanna lose control
Well maybe i should let you know
Anytime boy just say so

Anytime you want me just say so
Cause when it comes to you i cant say no
Theres somethin about ya babe
I aint livin without ya babe
So ill let you know
Anytime you want me just say so

There's somethin bout the way you smile
Always seems to drive me wild
Maybe it is just your style
That makes me wanna stay awhile
We can take it nice and slow we can turn the lights down low
Dont nobody have to know i wont tell how far we go

Anytime you want me just say so
Cause when it comes to you i cant say no
Theres somethin about ya babe
I aint livin without ya babe
So ill let you know
Anytime you want me just say so

I think about you every night and day
You're on my mind
I never thought that i would feel this way
I cant deny
That when i think of you
I seem to lose my cool
Here i go, boy you know
Anytime you want me just say so

Anytime you want me just say so
Cause when it comes to you i cant say no
Theres somethin about ya babe
I aint livin without ya babe
So ill let you know
Anytime you want me just say so
