

\$ Can't Buy My Love

Mýa

This is for the grown and sexy
Strictly for the grown and sexy
This is for the grown and sexy
Strictly for the grown and sexy (This is for)
This is for the grown and sexy (Yeah)
Strictly for the grown and sexy (This is for)
This is for the grown and sexy (This is for)
Strictly for the grown and sexy

I don't really think that you get it
I'ma need for you to come with it
See, I'm not materialistic, listen
I can fly myself to Key Largo
Bahamas hasn't changed far as I know
I done been all around the world
And back, in fact

You'll never get my love with money
It's like trying to sell a honeybee honey
And that's so ridiculous to think that you can
I swear I hear the same thing each day
Like somebody put men on replay
I know most women might give it up
But money can't buy my love

Money can't buy my love
I need a man who's more original
Money can't buy my love
No, money can't buy my love
Money can't buy my love
I need a man who's more original
Money can't buy my love
No, money can't buy my love

No money, no-no-no money
No money, no-no-no money
No money, no-no-no money
Money can't buy my love
No money, no-no-no money
No money, no-no-no money
No money, no-no-no money
Money can't buy my love

All my independent women
I need you to get up on this floor
Here we go, here we go, here we go
We gon' step, step, quarter turn
Bring it back, turn it in
Then step, step, to the left we glide
Pose for a minute, then we slide
Right to the bank, to the bank for the bankroll
I don't need your money unlike them stank hoes
I got my own (I got my own)
Said I'm on my grown
Right to the bank, to the bank for the bankroll
I don't need your money unlike them stank hoes
I got my own (I got my own)

Said I'm on my grown and sexy

You'll never get my love with money
It's like tryna sell a honey bee honey
And that's just so ridiculous to think that you can
I swear I hear the same thing every day
Like somebody put men on replay
I know some women might give it up
But money can't buy my love
