

# Fear of Flying

Mýa

Yeah, yeah  
Yeah, yeah, yeah  
Well, well, well

I got a fear of flying on a plane  
'Cause we got no say on how it ends up  
Well in my mind love's the very same way  
That's why I never give my heart to no one

I never take a chance on a love that lifts me  
Off the ground, oh yeah, oh yeah  
I came to earth found things  
But I wanna spread my wings somehow, somehow

I've got a fear of flying high  
But I'm prepared to spread my wings  
And it's all in my mind  
Love defies all gravity  
Voices in the wind  
I can hear them welcome me to fly  
Think I'm flying now, flying now, flying now

Listen I've been in love but I fell too fast  
I found myself in turbulent skies  
I felt the hurt when I crashed and burned  
Then I found myself with tears in my eyes

But when you look at me  
Something says it's gonna be alright, alright  
And all my fears I'll face  
'Cause I think I'm gonna take this flight, oh

I've got a fear of flying high  
But I'm prepared to spread my wings  
And it's all in my mind  
Love defies all gravity  
Voices in the wind  
I can hear them welcome me to fly  
Think I'm flying now, flying now, flying now

Ooh suddenly, suddenly  
The other clouds is calling me  
And you're love to me is like therapy  
For my soul, so I'm ready to soar

Fear of flying high  
Spread my wings  
And it's all in my mind  
Love defies all gravity  
Voices in the wind  
I can hear them welcome me  
Think I'm flying now, flying now, flying now

Think I'm flying now  
Think I'm, think I'm  
Think I'm flying now  
Think I'm, think I'm

Think I'm flying now  
Think I'm, think I'm  
Think I'm flying now, flying now, flying now

Fear of flying high  
Think I'm, think I'm  
It's all in my mind  
Think I'm, think I'm  
Voices in the wind  
Think I'm, think I'm  
Think I'm flying now, flying now, flying now

Fear of flying high  
Think I'm, think I'm  
It's all in my mind  
Think I'm, think I'm  
Voices in the wind  
Think I'm, think I'm  
Think I'm flying now, flying now, flying now

Fear of flying high  
Think I'm, think I'm  
It's all in my mind  
Think I'm, think I'm  
Voices in the wind  
Think I'm, think I'm  
Think I'm flying now, flying now, flying now
