

# Hold On

Mya

(Real) Uh yeah, y'all know who it is...

(Real) Mya. Phil Ade

This one for the people. We gon' do it like this.

Talk to 'em (Real)

Countin' on you, pullin' for ya, bettin' on you, for sure

Gon' and get it, we gon' win this

Straight to the finish I got you

(Hold on, hold on)

It's yours, don't ya let it go

(Ya gotta stay strong, stay strong)

Keep pushin' ya' gettin' closer

Don't give up on everything

When ya' know the other side ain't green

Don't give up on everything, when ya' everything you need

With a love so, a love so, a love so strong

When the wind blows, the wind blows, we still hold on

Never give up, nah, nah, nah, nah

Nah, nah, nah, nah... Hold on

Never give up, nah, nah, nah, nah

Nah, nah, nah, nah... Hold on

Frustrated, complicated, losin' patience... shit is real

But if they done made it from hell and back

Why can't we try?

(Baby hold on, ya' gotta hold on)

It's yours don't ya let it go

(Ya' gotta stay strong, just a little longer)

Keep pushin'... ya gettin' closer

Don't give up on everything

When ya' know the other side ain't green

Don't give up on everything, when ya everything I need

With a love so, a love so, a love so strong

When the wind blows, the wind blows, we still hold on

Never give up, nah, nah, nah, nah

Nah, nah, nah, nah... Hold on

Never give up, nah, nah, nah, nah

Nah, nah, nah, nah... Hold on

Hold on... Maryland... Mya let me talk to 'em

Can't let 'em break us and take us under we under pressure

Under stress, got his bible and 40 cal' on the dresser

Dress up in all black and all packs whenever rent is due

Can't no job wit' his drama, mama done let him loose

And she an addict, been at it on and off for years

Use to abusive relations, at a loss for tears

Paid the cost for growin' up under poverty

All that she know is pain, and pain pills for commodities

All these situations, seem hopeless for escapin'

Even I been through problems and bottles I've put my faith in

Bad choices we makin', fallin' victim to doubt

If the devil can put you in it, then God can take you out

With a love so, a love so, a love so strong

When the wind blows, the wind blows, we still hold on  
Never give up, nah, nah, nah, nah  
Nah, nah, nah, nah... Hold on  
Never give up, nah, nah, nah, nah  
Nah, nah, nah, nah... Hold on
