

Now or Lata

Mýa

Now or later, now or later
You gon' wanna taste this now or later
Apple, grape, watermelon, cherry, strawberry
If you get a taste, you gon' wanna marry this
Now or later, now or later
Play it like you probably tried a couple different flavors
Apple, grape, watermelon, and a strawberry
If you get a taste, you'll be trynna marry this

Look no further, I'm the one you want
Ain't no need to lie, ain't no need to front
Cute in the face and I'm slim in the waist
You could pick the flavor, just come and get a taste
Be careful, you might fall in love
And if it goes down, you might never get up
'Cause I got that bump in my trunk
Is that what you want?
When I put it in your face and you gon' wanna taste it

Now or later, now or later
You gon' wanna taste this now or later
Apple, grape, watermelon, cherry, strawberry
If you get a taste, you gon' wanna marry this
Now or later, now or later
Play it like you probably tried a couple different flavors
Apple, grape, watermelon, and a strawberry
If you get a taste, you'll be trynna marry this

Now I need a one stop shop kinda man
He know how to walk away but he ain't never ran
He knows how to give his all but he don't give a damn
No matter what the problem is he solve it with his hands
So daddy, let me know if I'm talking 'bout you
And if it is you can get the issue
'Cause I got that bump in my trunk
Is that what you want?
When I put it in your face and you gon' wanna taste it

Now or later, now or later
You gon' wanna taste this now or later
Apple, grape, watermelon, cherry, strawberry
If you get a taste, you gon' wanna marry this
Now or later, now or later
Play it like you probably tried a couple different flavors
Apple, grape, watermelon, and a strawberry
If you get a taste, you'll be trynna marry this

From the right to the left
Tell the DJ turn it up until you go deaf
Do it by yourself, do it by yourself
But don't step on the Dolce 'cause I might go left
I got that now or later, Jolly Rancher, lemon heads and the Skittles
Watermelon [?] with the bubblegum up in the middle
You can look, don't touch
Take your time, don't rush
When you want it, now or later
Either way, I got the flavors

Now or later, now or later
You gon' wanna taste this now or later
Apple, grape, watermelon, cherry, strawberry
If you get a taste, you gon' wanna marry this
Now or later, now or later
Play it like you probably tried a couple different flavors
Apple, grape, watermelon, and a strawberry
If you get a taste, you'll be trynna marry this
If you get a taste, you'll be trynna marry this
If you get a taste, you'll be trynna marry this
