

Right Now

Mýa

Oh, oh, oh-oh, oh, oh
Any time, wherever
Oh, oh, oh-oh, oh, oh
All you gotta do is come here

You ain't gotta tell me that you wanna
I just wanna share all that because I wanna
Certified, qualified to give you what you want
Fire and desire, tell me what you want
You wanna make love, don't need a reservation
For us to get it in when we can do it right now

Right now
Time to set it off
Right now
Turn me on and watch me
Wind it up like a clock
Right here, right now
We can get it in right now
Get it any time
Long as you're mine, baby

Any time, uh
Long as you're mine baby
As long as you're mine, baby

You love it when I wrap my legs around you, don't you
Baby I don't care if you wanna sweat this weave out
Boy you more than qualified, so what you asking for?
Hop on inside and tell me what you want
You wanna make love, don't need a reservation
For us to get it in when we can do it right now

Right now
Time to set it off
Right now
Turn me on and watch me
Wind it up like a clock
Right here, right now
We can get it in right now
Get it any time
Long as you're mine, baby

I know you want me
I know you need me
Come and get it
Hop up on this
What you wanna do, yeah?
We could do it right now
We could do it right here (Right now)
We could do it right now
We could do it right here (Right now)
We could do it right now
Long as you're mine, baby
