

# Work It Out

Mýa

Hmmm, hmmm, whoa-oh, oh

Baby you know I love you, yes I do  
No matter what I say or do  
Even though you be on that shit  
You know I still got love for you  
I only wanna make it better, babe  
'Cause I've already made it worse  
And I've already made you hurt  
And I still believe that you're caught for me

Baby I just wanna work it out  
But you don't even wanna talk about it  
It seems you only wanna walk it out  
Don't you walk out the door  
'Cause we've come too far now

No matter, no matter, no it don't matter  
We gon' work it out  
Long as you are my man and I'm your woman, babe  
We gon' work it out  
No matter, don't matter, no it don't matter  
We gon' work it out  
Chit-chatter, chit-chatter, baby they just keep hating

Baby you know I love you, yes I do  
Even when I cuss and yell at you  
But I still don't want nobody else  
Regardless of our issues  
I admit I haven't been perfect, no  
And I could call you out on a million things  
Like the time you went to the, no  
But we won't get into that because  
We've gotta forgive to get through it

Baby I just wanna work it out  
But you don't even wanna talk about it (But you don't even wanna talk about it)  
It seems you only wanna walk it out (No, no, no, no)  
Don't you walk out the door  
'Cause we've come too far now (Baby)

No matter, no matter, no it don't matter  
We gon' work it out  
Long as you are my man and long as I'm your woman, babe  
We gon' work it out  
No matter, don't matter, no it don't matter  
We gon' work it out (Don't you worry)  
Chit-chatter, chit-chatter, baby they just keep hating

We've come too far (We've come too far)  
To close the door (To close the door now)  
Neither one of us (Ain't neither one of us perfect)  
Don't throw in the towel  
We've come too far (We've come too far)  
To close the door (To close the door now)  
Neither one of us (Ain't neither one of us perfect)

Don't throw in the towel

Baby I just wanna work it out  
But you don't even wanna talk about it  
It seems you only wanna walk it out  
Don't you walk out the door  
'Cause we've come too far now

Baby I just wanna work it out  
But you don't even wanna talk about it  
It seems you only wanna walk it out  
Don't you walk out the door  
'Cause we've come too far now

No matter, no matter, no it don't matter  
Work it out  
Long as you are my man and long as I'm your woman, babe  
Work it out  
No matter, don't matter, no it don't matter  
We gon' work it out  
Chit-chatter, chit-chatter, baby they just keep hating

No matter, no matter, no it don't matter  
Work it out  
Long as you are my man and long as I'm your woman, babe  
Work it out  
No matter, don't matter, no it don't matter  
We gon' work it out  
Chit-chatter, chit-chatter, baby they just keep hating

Ooh, baby let's work it out  
'Cause I need you, and I want you, and I love you  
And I can't live without you  
So come on, let's work it out  
Work it out
