MyChildren MyBride

Behold
Behold, the end is near
Behold
Behold, the end is near

We are speaking for
We are speaking for
We are hearing for
[?]
We are bleeding for
We are sleeping for
We are preaching for
[?]

When life is short
I watch the world die
World is falling down
From the crimson sky

As the fire spreads
[?]
In my dreams
We all die

Beneath the snake
[?] back in this place
[?] high stakes
[?] this human race

We all see evil

We all speak evil
We are hear evil

Sin and sin again

We all plead evil
We all seek evil
We all preach evil

We're all damned

More thorn than rose
More prick than scent
Even Lucifer was heaven sent
Like nails in a cross
Like blood from the crown
Like blood and sweat

We all see evil
We all speak evil
We are hear evil

Sin and sin again

We all plead evil
We all seek evil
We all preach evil

We're all damned
