

Eyes Wide Shut

Myka Relocate

Please don't preach broken belief.
Repeat, you repeat the lines when they mean nothing.
Hopeless, hopelessly try to hide what I see.

Back down.
You'll never reach me.
So back down.
Cause my eyes are shut!
Back down.
Your words won't change me.
Back down.
My eyes are shut!

When will you realize that I'm gonna resist?
The person you want me to be does not exist!
So go!
Repeat the lines when they mean nothing.
Why?
Why do you try to hide what I see?

Back down.
You'll never reach me.
So back down.
Cause my eyes are shut!
Back down.
Your words won't change me.
Back down.
Cause my eyes are shut!

Words written from our youth buried far from the truth.
Carving out our names.
Draining out our veins.

All the things that you have left behind.
The price of life has left you blind.

Back down.
You'll never reach me.
So back down.
Cause my eyes are shut!
Back down.
Your words won't change me.
Back down.
Cause my eyes are shut!

Repeat the lines when they mean nothing!
