

New Again

Myka Relocate

Just be the fire, just be the spark
Just be the fire, just be the spark
Just be the fire, just be the spark

The power, the strength to start
Come on, set it off

Come on, set it off

Makin' a desperate call
I'm bringin' down your walls
These words you can't dismiss
I am the catalyst

If I never found a way to fall
Then I wouldn't be here at all
So brush it off and don't pretend
I've got the feeling that I'm new again
You may never find a way to be
So stop and take it from me
You may not think it every now and then
But I've got the feeling that we're new again

You've gotta be the one to just
Put your money where your mouth's at
(Or get the fuck back)

Just be the fire, just be the spark
Just be the fire, just be the spark

I know I can relate
I used to feel that pain
Spent my days standing still
But now I'm going in for the kill

Yeah, yeah, I'm not waiting for a sign
Yeah, yeah, I'm claiming what is mine

If I never found a way to fall
Then I wouldn't be here at all
So brush it off and don't pretend
I've got the feeling that I'm new again
You may never find a way to be
So stop and take it from me
You may not think it every now and then
But I've got the feeling that we're new again

Let's strike a match and we can burn away your old life
We'll start a new one and we'll treat it like a deadline

Let's strike a match and we can burn away your old life
We'll start a new one and we'll treat it like a deadline

Yeah

No fading, no waiting
You can't afford to miss

You've gotta reset, you've gotta push on
Before death can kiss

Just be the fire, just be the spark

If I never found a way to fall
Then I wouldn't be here at all
So brush it off and don't pretend
I've got the feeling that I'm new again
You may never find a way to be
So stop and take it from me
You may not think it every now and then
But I've got the feeling that we're new again
