

Forever And A Day

MYMP

Take the time running all of the ways
To spend all your days
Free your life with some love
And a hold

[Refrain:]
Together we spread that feeling
Never you'll be alone

[Chorus:]
Keep shining, we'll make it through the day
Keep smiling, you'll always stay this way

Set me free, be with me
Forever and a day

Happy faces and happy days

Friendly faces and friendly places
Don't let go

[repeat refrain and chorus]
