

Peace Of Mind

Mystery

Feel I'm running out of time
Sitting here watching the years passing me by

I don't know which road I should try
Though I'm sure there is love for me to find

Search for love, I've been told
Be wise and you'll find gold
Just walk that road forever
You'll find your Peace of Mind

Feel I'm running out of time
Still I sit and watch the years passing me by

Feel I'm losing all my mind
When I think all I've been told were only lies

I would try with all my might
If only I could just be shown a sign

Search for love, search for gold
You find a lover then you get old
We all walk that road together
In search for Peace of Mind

Feel I'm losing my mind
And I think all I've been told were only lies

Now that time is on my side
I don't see why Peace of Mind was hard to find

When I see love within your eyes
I could promise I would give you all my life

Search for love, you'll find gold
Doesn't matter if you grow old
We will walk that road forever
We found our Peace of Mind

Now that time is on our side
We can walk that road
We found our Peace of Mind
