

## In Your Sins

### Mystic Prophecy

I'm coming home, buried alive  
Almighty and immortal  
Baptised in blood  
Starvation and sorrow  
All through the fire  
I'm back to Hell and the unknown

I'm a demon way out of control  
My hate will burn through your soul

Forever I'm lost in your sins  
A cruel nightmare begin  
Forever I'm lost in your sins  
A new dimension begin

I am the fear  
Within and behind  
I am your master  
In the depths of your souls

I'm a demon way out of control  
My hate will burn through your soul

Forever I'm lost in your sins  
A cruel nightmare begin  
Forever I'm lost in your sins  
A new dimension begin

The desperation and the anger  
The sadness and the fear  
Devastation and the weakness  
Fill your dreams again

Your dream now is over  
It's time to go  
You're back in my kingdom  
In Hell

I'm a demon way out of control  
My hate will burn through your soul

Forever I'm lost in your sins  
A cruel nightmare begin  
Forever I'm lost in your sins  
A new dimension begin  
Forever I'm lost in your sins  
A cruel nightmare begin  
Forever I'm lost in your sins  
A new dimension begin
