Fallen Heroes

Nachtfalke

Great battles under the north star Fighting for honour and blood With iron will under the sun wheel Hallowed be the fight

Remember the fallen heroes It's a fine day to die

Heroism in the blitzkrieg
Baptized with flesh and steel
Bounded by the sun wheel
Hallowed be the war

Remember the fallen heroes It's a fine day to die

Marching through the ruins Hold high our right hands Killing under the sun wheel Hallowed be the death

Remember the fallen heroes It's a fine day to die
