Don't Try

Najwajean

I can't sleep
Don't try
Let it go
Don't try

Don't even try to change it
Bleeding
I'm still bleeding
And all
We are all bleeding

Feel it
Let your body feel it
Don't try
Don't even try to change it

Hopes and fears are running deep
Into your ears
I'm so near, I'm so near
So near

Let your body feel it
Let your body lose it
You know that I saw it
You know that I know it

You're a muscle man
I'm a skinny girl
If you're bleeding, I'm bleeding
You hurt me, I feel it

Let your body feel it
Let your body lose it
You know that I saw it
You know that I know it

You're a muscle man
I'm a skinny girl
If you're bleeding, I'm bleeding
You hurt me, I feel it

You like the dirt
Under my nails, I look so pail
Like pouring hail
I'm so near
I'm so near

You like the dirt
Under my nails, I look so pail
Like pouring hail
I'm so near
I'm so near

Let your body feel it
Let your body lose it
You know that I saw it
You know that I know it

You're a muscle man
I'm a skinny girl
If you're bleeding, I'm bleeding
You hurt me, I feel it

Let your body feel it
Let your body lose it
You know that I saw it
You know that I know it

You're a muscle man
I'm a skinny girl
If you're bleeding, I'm bleeding
You hurt me, I feel it

I like the dirt
Under my nails, I look so pail
Like pouring hail
I'm so near
I'm so near
