

I Wish The Cat Could Talk

Najwajejan

I'll make it new for you everyday
in the past a twist you can search it for a bird
a bird

Once I ask for you biggest wish
little lands like serpentains
hoping I could hold you back

Meaning things are turning green?
behind the world
is gettin' dark

Wish the cat could talk (2x)
maybe you're giving me my last chance
boy it could be someone else
boy it could be another land
baby this is a greatest challenge
baby this is a greatest challenge

Enemies day, different forms (2x)
The best way to avoid them (2x)
is to keep your love around.
I wish the cat could talk.....
