

# The Wild Bunch

Najwajejan

"So much dreg like egg  
Hanging from my leg  
In front of my nose  
After my ears  
And running like rabbit

All that make believe  
There is not mountain high enough  
There is no river deep enough  
And nobody can stop the wild spirit of the wild bunch"

Revenge with advantage  
There's no dreaming, I'm screaming

Deep down, honey  
Long as there's some money

Click-clack  
For the men in black

Revenge with advantage  
There's no dreaming I'm screaming

This is the wild bunch (3x)  
Here comes the wild bunch, wild bunch

Can over heels (2x)

Get down of your high horse, mister  
Don't get large unless you have blood in the heart
