

## Emotion In Motion

Naked Eyes

I've been wanting you again  
And there's no mistake  
Like a candle in wind  
I've been blown away

Emotion in motion  
Emotion in motion  
Emotion in motion  
Driving me again

I don't sleep much anymore  
People don't seem real  
Either up or on the floor  
What is this I feel?

Emotion in motion  
Emotion in motion  
Emotion in motion  
Driving me again

It's getting so hard to understand  
What is this feeling?  
It's getting so hard to understand  
Understand, emotion in motion

Emotion in motion  
Emotion in motion  
Emotion in motion  
Driving me again

Emotion in motion  
Emotion in motion  
Emotion in motion  
Driving me again
