

# No Flowers Please

Naked Eyes

It's push and pull  
all day long  
first is off and then its on  
I don't know what's happening to me

Everything is dark in town  
You're the only one around

So don't forget to send me no  
flowers please  
don't send me no  
flowers please  
don't send me no  
flowers please

I died a thousand times with you  
every time you pull me through  
I don't know what's happening to me.

You could repair the damage done  
The morning's just begun

So don't forget to send no  
flowers please  
don't send me no  
flowers please  
no, no, no  
flowers please

now don't forget to send me no  
flowers please

Its push and pull all day long  
first it's off and then it's on  
I don't know what's happening to me

You can repair the damage done  
the morning's just begun

So don't forget to send me no  
flowers please  
don't send me no  
flowers please  
no, no, no  
flowers please
