

## Home Of The Brave

Naked Raygun

Starin' off in... to the night  
She picks up her dreams and her bags  
"I'm off to a place where life's right"  
Jeanie walks out on the home of the brave  
He picks up his boots from the dust  
Knocks out the dirt on the ground  
Wonders about his life... and he cussed  
Stu wonders what his parents had found  
Broken dreams and promises  
These are the things they have and hold  
A country that even...  
Persecuted the Weavers  
Did you ever see the Weavers?
