

Hot Atomics

Naked Raygun

See my face, its blood red with warpaint
and there's no way out, but to fight this time.
The bastard dies and I've got a right.
Take what I want - bad ass & bithcin',
I've got hot atomics in my brain - bass ass & bitchin',
I move pretty good, yeah - bad ass & bitchin',
got hot atomics in my brain - bad ass & bitchin'.

I know when I see you,
you know I don't fear you.
Next time I see you, I'll cut your eye.

Take what I want - bad ass & bitchin',
I've got hot atomics in my brain - bad ass & bitchin',
I move pretty good when I see you - bad ass & bitchin',
I've got hot atomics in my brain - bad ass & bitchin',

I'm the one, goin' off, walk away, and I'm hurtin'.
You know I'll beat it out of you.

Feel pretty good yeah, bad ass & bitchin',
I've got hot atomics in my brain - bad ass & bitchin',
move pretty good when I see you, bad ass & bitchin'.
I got hot atomics in my brain.

Yeah hot atomics in my brain,
can't you see 'em comin' on.
You're like hot atomics in my brain,
yeah you're the one.
