

# I Remember

Naked Raygun

I live  
These times  
They just pass me by  
Time flies

[Chorus]  
And I remember

I live  
Here inside  
Can't feel a thing  
That I hide  
I live  
For your  
That will never change  
I'm sure

[Chorus]  
And I remember oh  
I remember oh

Go back can you find  
When you start stealing time  
Things that remind

[Breakdown]  
Now what's this song about  
Things used to be so different  
That I get this feeling  
That I've been taken for a ride

[Chorus]  
Oh I remember  
Oh I remember

I live  
I cried
