Song For A Winter's Night

Nana Mouskouri

The lamp is burnin' low upon my table top The snow is softly fallin' The air is still within the silence of my room I hear your voice softly callin'

If I could only have you near To breathe a sigh or two I would be happy just to hold the hands I love Upon this winter night with you

The smoke is rising in the shadows overhead My glass is almost empty I read again between the lines upon the page The words of love you sent me

If I could know within my heart That you were lonely too I would be happy just to hold the hands I love Upon this winter night with you

The fire is dying now, my lamp is growing dim The shades of night are liftin' The mornin' light steals across my windowpane Where whims of snow are driftin'

If I could only have you near to breathe a sigh or two I would be happy just to hold the hands I love And to be once again with, with you To be once again with, with you
