Lightning's Girl

Nancy Sinatra

I've told you that I'm Lightning's girl
But you keep hanging round
If Lightning ever catches you
He's got to put you down
About six feet!

Stay away from Lightning's girl And this part of town Stay away from Lightning's girl Or he'll put you down...yeah

Better stop your grooving round Another roosters hen If Lightning ever catches you He's got to do you in In about two minutes!

Stay away from Lightning's girl And this part of town Stay away from Lightning's girl Or he'll put you down

Here comes Lightning down the street While you just stand there talking If I were you I'd start to move And tell my story walking About a hundred miles an hour!

Stay away from Lightning's girl And this part of town Stay away from Lightning's girl Or he'll put you down

Stay away from Lightning's g-i-are-l Stay away from Lightning's g-i-are-l Stay away from Lightning's g-i-are-l Stay away from Lightning's g-i-are-l
