

Unconditional Love

Nancy Sinatra

I'm telling you things I've never told to anyone before
You see I, I never knew the definition of love
Unconditional love
You're giving me things I never got anywhere before
Before you, I never knew the definition of love
Unconditional love
Oh love

Making it easy
Making it feel so good
Making it easy
Making it understood
Everything's right (tonight, tonight, tonight)

I wanna do things I've never done with anyone before
Until you, I never knew the definition of love
Unconditional love

Before you, I never knew
Unconditional love
Unconditional love
Oh, love

Making it easy
Making it feel so good
Making it easy
Making it understood
Everything's right (tonight, tonight, tonight)
(Tonight, tonight, tonight)

I wanna do things I've never done with anyone before
Until you, I never knew
I'm getting through, I never knew
I'm telling you, I never knew the definition of love
Love
Unconditional love
