

# To Know I'm OK

Naomi Terra

Rain comes out in the middle of the sunshine  
Been a long time since I was feeling fine  
With no one making my rules  
And no one looking out for me  
Sometimes I get a little frustrated  
Been led off-course by these feeling I'm faking  
Close these open doors  
When I see what's on the inside  
Different situation,  
Change the story, change the name  
Different destination  
But the journey feels the same everytime

And you were there for me  
When you wanted to be  
Then you disappear conveniently  
And all you ever did was cause me pain  
So, I'm walking away  
And I don't need you to know I'm OK

Turn it around that's what I'm good for  
Take it all the way & I'll come back with more  
Taught me well how to survive  
You made me a survivor  
Didn't know your teachings  
Would come back to you this way  
Different situation  
But the story still remains the same

And you were there for me  
When you wanted to be  
Then you disappear conveniently  
And all you ever did was cause me pain  
So, I'm walking away  
And I don't need you to know I'm OK

And the fun was fun  
But I needed you more  
In the darkest hours  
When the fun was over  
To take this fear away  
And be here like you said you were

Well, it's cold sometimes  
But the feeling's fleeting  
And these memories live  
With a little reheating  
Take these memories of things  
I never asked to know

No phone calls home  
Cos they don't help me anymore  
Relieving your guilt's  
Not what I'm here for  
And all you ever did  
Was cause me pain  
So, I'm walking away

And I don't need you  
To Know I'm OK  
I don't need you  
To Know I'm OK  
I don't need you  
To Know I'm OK.
