

## From Enslavement to Obliteration

### Napalm Death

Committed to a life of slavery  
In the factories our own hands have built  
Where we must work twice the graft  
Before gaining the goods we've already slogged to create

To consume all things material  
Stands above human compassion  
As we compete with our fellow man  
In the bid for a stronger position

In our ruthless search for prosperity  
We become the tools of our own oppression  
Forming the backbone of a society  
That thrives on mass division

From enslavement...  
To obliteration...
