

# Can't Get Enough Of You

Narnia

The sun is shining in my face  
Four winds are blowing in my hair

Want to explain what I feel  
Want to be with you  
Want to explain what I see  
When your love breaks through

Can't get enough of you  
I know your love is true  
Can't get enough of you  
Give my heart to you

When I'm lost and lonely  
I the night  
Lord you give me strength  
Give me strength to fight

Want to explain what I feel  
Want to be with you  
Want to explain what I see  
When your love breaks through

Can't get enough of you  
I know your love is true  
Can't get enough of you  
I give my heart to you
