

I Will Follow

Narnia

Days are passing by
Now I understand
No quick solution

I've learned my lesson well

Through the motions
Challenges arise
Fading illusions
Open up my eyes

I will follow, sing and give my praise
Face tomorrow
I will follow, sing and give my praise
No more sorrow

Listen to me now
I've got something to say
Jesus is my king
No matter what they say

I will follow, sing and give my praise
Face tomorrow
I live to see your face
I will follow, sing and give my praise
No more sorrow

I will follow sing and give my praise
Face tomorrow
I live to see your face
I will follow sing and give my praise
No more sorrow
Surrender to your grace
I will follow you
