

Long Live The King

Narnia

I'm not looking back
Yesterday's far away
And I live for my king
New chances will come
For this lost broken world
Holy spirit will guide me

I will never give up
No, I'm gonna fight til the end

I wanna live, wanna fight
Yeah, long live the king
I wanna live, wanna fight
Cause in the end we will win

I will serve you my king
With my heart and soul
No one can stop me now
Wanna sing it out loud
With my flesh and blood
A new day's breaking through
