

## Back Again

Nashville Cast

I had that dream late last night  
I was yours and you were mine  
Watched you fade into the morning light, again

And I don't mean to change your mind  
We've had this talk a hundred times  
It's raining like a river down my eyes  
And I don't want to talk about  
How our hearts are doing now  
God knows the both of us have tried  
We were so in love, just a couple kids  
It's a long way back, again

A few left turns  
And honey we got lost  
But I still kept my fingers crossed  
Wish I could take a train  
Back to us, again

And I don't mean to change your mind  
We've had this talk a hundred times  
It's raining like a river down my eyes  
And I don't want to talk about  
How our hearts are doing now  
God knows the both of us have tried  
We were so in love, just a couple kids  
It's a long way back, again

If only you and I would just  
Forget the world a while  
It'd be so easy  
If only years and sparks would just  
Surrender to our hearts  
You'd be right with me  
Cause I still carry you with me

And I don't mean to change your mind  
We've had this talk a hundred times  
It's raining like a river down my eyes  
And I don't want to talk about  
How our hearts are doing now  
God knows the both of us have tried  
We were so in love, just a couple kids  
It's a long way back, again
