

Celebrate Me Home

Nashville Cast

Home for the holidays,
I believe I've missed each and every face,
Come on and play my music,
Let's turn on every love light in the place

It's time I found myself,
Totally surrounded in your circles
Whoa, my friends

Please, celebrate me home,
Give me a number,
Please, celebrate me home
Play me one more song,
That I'll always remember,
And I can recall,
Whenever I find myself too all alone,
I can sing me home.

Uneasy highway,
Traveling where the Westerly winds can fly,
Somebody tried to tell me,
But the man forgot to tell me why,
I gotta count on being gone,
Come on home, come on daddy,
Be what you want from me,
I'm this strong, I'll be weak

Please, celebrate me home,
Give me a number,
Please, celebrate me home
Play me one more song,
That I'll always remember,
I find myself alone,
celebrate me home,
Celebrate me home,
Celebrate me home,
Play me one more song,
Celebrate me home,
Celebrate...

Celebrate me home
