

Clockwork

Nashville Cast

Gimme a time, I'll meet you there
Say when, say where
We're gonna give them somethin' to talk about
Someway, somehow
Startin' now

Tick tock, runnin' like clockwork
Can't stop, hands in the, hands in the air, in the air like clockwork
Tick tock, tell me where you are
Can't stop minute to minute
In the end we got time, we got time on our side again

We can dance until tomorrow's here
All day my dear
Somethin' tells we'll be lookin' back
So let's make it last 'cause it happens too fast

Tick tock, runnin' like clockwork
Can't stop, hands in the, hands in the air, in the air like clockwork
Tick tock, tell me where you are
Can't stop minute to minute
In the end we got time, we got time on our side again

Everybody stop, take it in
I'm leave in morning back again
I'm leave in morning back
Everyone stop take it in
Everybody stop take it in
I'm leave in morning back again
I'm leave in morning back
Everyone stop

Tick tock, runnin' like clockwork
Can't stop, hands in the, hands in the air, in the air like clockwork
Tick tock, everywhere you are
Can't stop minute to minute
In the end we got time, we got time on our side again

Everywhere you are
Moving like clockwork
