

Come And Find Me

Nashville Cast

I give up
Come and find me
Am I lost?
Or am I hiding?
I disappear and wind up here
Come and find me

I see you and I'm trying
To come back from where I've been
But I don't know the way back home
Come and find me

I'm no runaway
This is just a game I play
I want you to find me
I think I've gone too far
Please don't leave me in the dark

You think you see me
Don't believe your eyes
That's just a shell I left behind
You see the house I'm somewhere inside
Come and find me

I'm no runaway
This is just a game I play
I want you to find me
I think I've gone too far
Please don't leave me in the dark

I'm no runaway
This is just a game I play
I want you to find me
I think I've gone too far
Please don't leave me in the dark
Come and find me
Come and find me
