

Consider Me

Nashville Cast

When all the bright lights have shut down
And they have closed every door in town
I'll be around

When there is nobody left to call
And you're surrounded by these walls
I'll make them fall
I'll make them fall

Laahahahah ahahah ahahah [x2]

When all the money has been spent
And you've thrown away every cent
I'll take you in

When you are drifting off to sleep
Maybe tonight in your dreams
Consider me
Consider me

Laahahahah ahahah ahahah [x4]
