

# Holding On To What I Can't Hold

Nashville Cast

It was so easy when I was younger  
It didn't take much to feed the hunger  
Somewhere along you lose the innocence  
No idea where it mighta went  
Spend your whole life looking for something

I'm holding on  
I'm holding on  
In my life is just the way it goes  
Holding on  
Holding on  
It's hard to admit when you can't control  
Holding on to what I can't hold

You had a reason for packing and leaving  
I've got a reason for wanting and reaching  
I'm not as big as I thought I was  
Didn't go down the way I thought it would  
I don't even know what it is I'm needing

I'm holding on  
I'm holding on  
In my life is just the way it goes  
I'm holding on  
Holding on  
It's hard to admit when you can't control  
Holding' on to what I can't hold

You find it and you drink it  
And you hold it and you smoke it  
Spend your whole life looking for something  
I'm holding on  
I'm holding on  
In my life that's just the way it goes  
Holding on  
Holding on  
Hard to admit when you can't control  
Holding on to what I can't hold
